[G] [A#] [C] [A]

At the beginning
Of time
The great mages
Saw the signs
Casting their spells
Far and wide
They summoned Dragons
From the sky

[Refrain] Dragon’s blood the sacred rite
Feel the power feel the might
Taste the blood upon your lips
The dragon’s spell you can’t resist

Ancient runes lost to time
Now recalled line by line
The power flows a coming storm
The dragon soon will be reborn [R]

Lightning strikes thunder roars
The dragon is real once more
People flee for their lives
As the dragon takes to the skies [R]

Rivers rage and mountains quake
Caught up in the dragon’s wake
Plunging down with breath afire
The dragon takes what it desires (additional chord here) [D]
